The Miami Gardens Police Department has employed Police Records and Information Management Group for a comprehensive UCR statistical and records unit operational assessment. This project will ensure the police department is facilitating an efficient records management operation which produces accurate crime statistics and timely public information. Miami Gardens is a city with a population of over 105,000 and a police department with 244 employees.

Police Records and Information Management Group is law enforcement's premier source of comprehensive integrated training and consulting services specific to police records and technology. PRI Management Group has managed projects that include RMS implementations, intelligence sharing applications, records unit process improvements, and UCR crime stat assessments.
